

Jigsaw and the Global Learning Programme Years 4, 5 and 6

The Jigsaw scheme of work supports the learning outcomes of the Global Learning Programme (GLP).

The GLP helps teachers to facilitate effective learning about development and global issues at Key Stages 2 and 3. The GLP organises the learning under themes, skills and values and offers different lenses to bring focus to aspects of the learning. Jigsaw, the mindful approach to PSHE (Personal, Social, Health Education) shares the aims and values set out by the GLP.

As a Primary school programme, Jigsaw offers lesson plans and resources from Foundation Stage to Year 6.

Many Pieces in years 4, 5 and 6 look at the key themes of the GLP (focusing on key topics relating to global poverty and development as well as understanding, explaining and considering solutions to poverty and development issues) whilst developing pupils' skills and considering values.

The following tables are divided into themes, skills and values – all of which are interlinked in the Jigsaw pieces. The number in the table denotes in which Jigsaw Piece that GLP theme is explicitly taught and corresponds with the same number to show which skills are developed and which values are considered in that Piece.
